"Once a helicopter goes down, that becomes, in military terminology, a baited ambush. The bad guys know that we don't leave our dead and wounded behind. We go get them. The bad guys know we're coming, and there is only a certain number of ways you can get there."

-Lt Col Bill David, Commander 2-14,
10th Mountain Division

"The plan we came up with was to ask the Malaysians to remove their infantry soldiers from their vehicles so that we could use them."

-Lt Col Bill David, Commander 2-14,
